District Governor Fred Wuensche

Hello, Lion Family:

First of all a great big “thank you” to all of you. You are making a real difference in the performance of the District this year. As a direct result of the efforts being made by individual Lions, by Clubs, by Zones and Regions, by committees and individual leaders, 2-S2 is having a great year.

Thanks, and keep up the fine work. **2-S2, I’m proud of you!**

By the time this reaches you, the Midwinter Conference will probably be history. Yesterday, over 100 registrations have been received, and indications are that last year’s total attendance will be surpassed. Congratulations to VDG Buzz, Lion Barron Cagle and all the rest of you who have been involved in putting the Conference together. Thanks also to PDG Aubrey Cherry for making the long trip here to be our keynote speaker.

All of us have been touched by news of the calamity in Asia. The death toll seems to keep rising every day. Now it appears that this will be the worst natural disaster in terms of loss of life in recorded history. Lions throughout the world are responding with an unprecedented outpouring of aid from individuals, clubs, districts and LCIF. We are using LCIF as the principal channel for our help, since LCIF has the experience and resources to make certain that the money given is directed on an appropriately prioritized basis, and in a timely fashion.

District 2-S2 has been asked by a number of our Lions to organize a major district-wide fundraising event for Asian Relief. The concept is being discussed by our Region and Zone Chairs with all of our Clubs, and I hope to have an announcement at the Bob Dowden Dinner.

Speaking of the Bob Dowden Dinner, please come enjoy the food, fellowship, silent and live auctions, and help the President’s and Secretary’s Council support the Texas Lions Camp.

Thanks

Fred Wuensche

District Governor Fred Wuensche

2-S2, I’m Proud of You

Vice District Governor C.W. “Buzz” Goins

A point to ponder.

It's January; so, it must be 2005, the **Midwinter Lions Leadership Conference (MwLLC)** is upon us, the 3rd Council of Governors meeting at Kerrville is in sight, the tenure of the VDG is more than half completed and, most importantly, no New Year's Resolutions remain to impede the progress on the road to gluttony, individualized debauchery, sloth and indolence. Is this not the good life?

Seriously, we Americans are truly blessed and are without a doubt the most charitable people on earth. With these good qualities accrued and banked, why are we seen as shallow and uncaring by a large segment of the world? I have a theory – ignorance. First, let us remember that ignorance is (or can be) a temporary condition. Once you have been informed of the truth of a situation, the state of ignorance is no longer an excuse. Should you persist down the path of ignorance you will soon find yourself to be a citizen in the land of the “stupid”. Here you will find yourself in an enormous group of “like thinkers” and supporters and where you can wrap your self in a blanket of intellectual isolation – never to be seen or heard from by anyone except your chosen “circle”. (Unless, of course, you become a talk-radio show host.) The obvious evolutionary result is that this group will breed exponentially, and the resulting population boom will cause the world to tilt. (The **Midwinter Lions Leadership Conference** will not stem this tide, but it is a remedial start.)

There is nothing like “doing it right”. There are always dissenting opinions on how to conduct every phase of the Lions business; my favorite being, “I don't know anything about Robert's Rules of Order, and nobody uses them anyhow.”, and closely followed by “Why do we have to have Board of Directors meetings”?. The speakers of these things usually follow up by uttering things like “What do we do next?”, and the ever popular, “We got to do some thing, there are a lot of complaining about the long and boring meetings.” One can almost visualize a membership drive coming in the door. Unfortunately, the speaker is, more often than not, one of the last few in the club. The reward for good order is consistency and uniformity. Learn how to get and maintain it at the **Midwinter Lions Leadership Conference**.

On to the District Convention!

By the way, a District effort for Southeast Asia would seem to be the way to go. Any takers?

Yours in Lionism

C. W. “ Buzz ” Goins

Hello Lions,

I want to thank you for another outstanding meeting. **ROAR!!!** I hope you enjoyed the presentation on **“The Rodeo”** and the educational benefits that it provides to the citizens of the Metropolitan areas of Houston.

Also, I want to especially thank Sgt. Mary Krebs A.K.A. **“Mother Christmas”** for the opportunity of letting us join Houston’s **“Precinct 4 Constables”** in the drive for Christmas toys to the less fortunate children, and the appreciation certificates for myself and the Governor.

Now on to the **Big News** about **“The Bob Dowden Dinner”**

Because the proceeds of this are going to the Lions’ camp in Kerrville, I would like to save on the essential cost by doing something different.

Instead of printing tickets, purchasing tickets, selling tickets and keeping track of tickets and counting the proceeds from the tickets I would like everyone to pay at the door.

Second, the entry price, to accommodate a meal & entertainment that everyone will enjoy **“Beef and Chicken Fajita’s”** the entry fee will be \$9.75. I am sure that you will agree that it is hard to get a good meal & show anywhere for under that price!

Last but not least we will be having **Mariachi’s** serenade us during our meal and desert.

Afterwards, we will have the Auction with our world renowned auctioneer with exclusive items that are hard to find anywhere!

I expect a large turnout so please arrive early, we will be serving around six-thirty p.m.

I want you to think of this as **an event, not just a dinner!**

respectfully submitted,

Lion Larry Snider

LIONS Code of Ethics

- TO SHOW** *My faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.*

Lions Worldwide Women's Symposium

I hope you have read the article about the Symposium, in the December/January issue of the LION Magazine, page 24. We will not be in Tomball. I received a call from the College Event Coordinator informing me that a college function has superceded our confirmed date, Saturday, February 26th, and will occupy the conference center.

The new location of the Symposium is: Tracy Gee Community Center, 3599 Westcenter Drive, Houston, Texas 77042., Saturday, February 26, 2005.

The location is all that changed. Registration will begin at 8:15A.M., The Symposium starts at 9:00A.M. and ends at 2:00P.M. There is no charge for the Symposium. Invitation and Registration forms are in this newsletter. We will also distribute them at the Bob Dowden Dinner. We need the registrations back so we will know the headcount for food, the Continental breakfast and lunch will be at no charge.

The purpose of the Symposium is to get new Lion members and Lions Clubs. I ask for names and addresses of prospective members so that we can send them an invitation. The Tracy Gee Center is larger than the one at the College so we can accommodate more attendees. We ask you to also bring prospective members with you. Please fill out the registration forms if you plan to attend.

We can use help setting up on Friday evening, the 25th at 6:00P.M. We have to finish by 9:00, and, since the Community Center does not open until 8:00A.M. there is not time to set up Saturday morning since registration starts at 8:15A.M. We have to be through with the Symposium, the clean up and out by 3:00 Saturday afternoon. This is a good opportunity for LEOS to help and earn volunteer hours.

I spoke with Sue Haney, Manager of Membership Development at Lions International. She said the other Symposium in the United States is scheduled for the Spring in New Jersey. The one in India has already happened. Sue is very interested in our results. We will send her an invitation. We will invite prospective members from other Lions Districts along with International 2nd Vice President Jimmy Ross and Council Chairman PDG Richard Robinson, Lion Serena Berendt, State Women's Membership Development Chairperson, District Governors, Vice District Governors, Lions Camp Executive Committee Spouses.

The great Rising Stars Lions Club are hosting our Symposium. Our Planning Committee has worked long and hard to make the Symposium a huge success.

Respectively Submitted,

Lion Kay Burke, District Chairperson

"The Lions Women's Worldwide Symposium program opens doors to women, challenging them to be active in Lionism. At each symposium, participants witness Lions in Action, learn about Lion's projects and see evidence of effective partnerships with schools, PTOs and community organizations. Regardless of the venue, the symposium as a whole models the 'We Serve' motto and invites women to use their talents and skills toward that end."

DETECTING CARBON MONOXIDE

Most homes have smoke alarms, yet many don't have a warning system for carbon monoxide—a deadly gas that kills nearly 300 people and sends thousands to hospital emergency rooms each year.

Carbon monoxide is created by most appliances that use flammable fuels such as gas, oil, wood, propane, coal or kerosene, or by a faulty forced air furnace or a blocked or damaged fireplace flue.

Carbon monoxide is colorless and odorless, so every home should have a detector to sound an alarm if this dangerous gas is present.

Today's home carbon monoxide detectors are designed to warn you before health-threatening levels accumulate, so installing them is your best defense against carbon monoxide poisoning. Anyone can install one of these devices—even a not-so-handy homeowner—in less than an hour.

The alarms can be either plugged into any standard household electrical outlet or powered by a 9 volt battery and installed on the wall. The advantage of a plug-in detector is the ease of installation; the downside is a power outage renders it useless.

And when power is restored, it takes time for the alarm to recalibrate.

Battery operated devices provide continuous protection, but you must replace the batteries when you hear the low battery warning (usually every 6 - 8 months).

Place the detector near your home's sleeping area where it can wake you during the night, the Consumer Safety Commission recommends. Additional detectors on every floor level and in every bedroom provide extra protection. If you install detectors at eye level, you'll be more likely to test them frequently—a good habit to develop.

All carbon monoxide detectors should have these features:

- Emergency alarm
- Easy-to-operate test and reset button
- Light that indicates power is on
- Digital display indicating carbon monoxide level
- Low battery warning

More sophisticated devices combine smoke and carbon monoxide and carbon monoxide and natural gas alarms. Some feature a nightlight and a dual voice and alarm warning system. After a loud alarm sounds, you hear a voice message.
