Chambers - Harris - Liberty - Montgomery  
San Jacinto - Walker - Waller

## Thoughts from your District Governor ....

### Are You on Track?

February 2011

It's hard to believe this Lions year is past the half-way point. I have enjoyed visiting the many Lions Clubs throughout the district and look forward to visiting the remainder.

I have compiled a "report card" as of 12-31-2010 for our district that you can find on another page in the newsletter. You will see how your Lions Club compares to the other Lions Clubs in the district in terms of membership growth, charity support, and just generally "takin' care of business."

Our overall membership growth in the district was a plus 6 as of 12-31-2010 and District 2-S2 was the only positive district in the state. However, let's not rest just yet. The bad news is that we have dropped 18 as of mid-January and added just 7 (thanks Barbers Hill Lions Club for 6 of these!). So unfortunately, the district is back in the red on membership as I'm writing this article. I'm confident the membership drives our clubs have planned (right??) for this spring will help put our membership back on track!

You can see from this report card the many clubs that have made their 100% charitable contributions to our entire district supported charities. On behalf of these various entities, thank you for your financial support.

Additionally, District 2-S2 has the longest record of any district in the state for consecutive year 100% contributions to the Texas Lions Camp by every club in the district. If your Lions Clubs 100% contribution to the Camp has not been made yet, it is requested that the contribution be made as soon as possible as the district continues the tradition and record.

We still have much work to do. The needs in our communities have not faded. Thank you for all you do as a Lion. Let's make sure we stay on track in everything we do. Who do you know worthy of joining your Lions Club?

Let's have a great year!

**Glen Starr, District Governor 2010-2011**

### ***Thought's from the First Vice District Governor:***

Well, here we are past all of the holidays and all of the celebrations and all that food and were almost a full month into the New Year. Twenty eleventy? (If you've read Lord of the Rings you'll remember that Bilbo Baggins turned one hundred and eleventy!). Sometimes we all feel that old! We get worn down by time and stress and even sometimes by (dare I say it?) Lions stuff. Yep, we got a lot of stuff! We always have something else to do it seems like. It's often difficult to keep up, isn't it? Not really! Just turn your thoughts to the reasons you are a Lion and try to remember that no matter how hard life seems to be at that moment, there is someone else struggling even more than you. And that, my friends, is why we are Lions. To help those that are a little (or a lot) less fortunate than ourselves.

So...what do we do when we're feeling a little down trodden here in twenty eleventy? (Now remember, in my world, the skies are ALWAYS blue!) First, remember those things that you HAVE accomplished. Remember all the good you have done as a Lion in the past months and years. Recall the number of eyeglasses you club has provided and the scholarships you have given. Remember the nod of thanks you got from the guy you helped with a medical issue or the hug you received from the lady you built a ramp for. How about recalling the tears in your own eyes as you remember reading the thank you notes from the school kids that you helped get a new playground. See how blue the skies are getting already!!!!

Also be thankful for what you DO have. Count your blessings! Remember when you are cold and you find yourself complaining about the freezing weather that there are many that have no bed to snuggle up in. When your alarm goes off in the morning and you find yourself growling at it remember that there are many who cannot hear an alarm because they are deaf. As you look out at that cold, dreary day remember there are those who cannot see the rain drops on the porch. When your day starts to get hectic and the kids are driving you nuts and your spouse seems to be nuts, remember there are those with no family and who are lonely. When your food seems boring or even sparse, remember those who are hungry and have no food. Sometimes our jobs seem so overwhelming and our bosses seem so overbearing, but remember those who have no job. Thank your Lord for all of your blessings and ask for the strength to continue on so that you can keep helping those that may not be as blessed as we are.

As Lions, we must keep our motto in mind....WE SERVE!!! If you can do that then your skies will always be blue too! Blue skies will shine on you because you are shining your Lions spirit on others! A great example and an even greater opportunity is our Texas Lions Camp and the upcoming Bob Dowden dinner which helps to support our camp. Did you notice that I said OUR camp? Yes, as Lions, you have ownership in the greatest Lions Camp in the world. YOU SERVE 1400 to 1500 children (or more) every year. Children who otherwise might never have the opportunities we ourselves had as children. Want to get teary eyed and feel good about yourself and what you do as Lions? Plan a club retreat this summer in Kerrville and go to a Friday night celebration at the camp. You'll never ever forget it and you will forever have skies that are blue.

The Bob Dowden Dinner, February 2nd at Holy Cross Lutheran Church in Spring Branch, is a GREAT opportunity to support our camp. One hundred percent of the proceeds go to the Texas Lions Camp. Our Camp Directors, Lion Mark Roth and Lion Chris Moorman along with PSC Chair Lion Winnie Mae Eads have been working hard to bring us another fantastic opportunity to serve the Camp. Be sure to come! And be sure to donate some items for the auctions, we have a live auction and a silent auction. This Opportunity to Serve raises five to ten thousand dollars for our Camp every year. Now THAT is definitely a feel good opportunity! Contact me or your camp directors to donate items for the auctions. We can have anything from decorator candles or small appliances to weekend getaways to gift certificates to cars or even helicopters! The sky is the limit! So donate something nice for the auction and, more importantly, come to the dinner and fellowship with fellow Lions and bring your checkbook and I guarantee your own skies to be blue!

### **Thought's from the Second Vice District Governor:**

Hello everyone. I've said it once before and I'll say it again. I'm amazed at how much goes on in all our district clubs. And so much of it goes without notice. Just yesterday I attended a meeting at Delmar stadium honoring the two middle and the two high schools in HISD who received trophies for good sportsmanship. This is something that our Downtown Lions started SEVENTY ONE years ago and it is still going strong. How many of you out there even know about this program? Ask everyone in YOUR club if anyone is aware of the program. I'll bet not many will reply.

Seventy one years ago there were problems at many of the night-time athletic events in HISD and it was considering stopping all night time events. It was decided that each school should be graded on its sportsmanship. The Downtown Club started the Tom Shaw Sportsmanship Awards in honor of one of its members. SO.... for the past seventy-one years each HISD school has been graded on its sports events as to their sportsmanship.

Lion Max Rasquinha, the president of Downtown, provided the opening remarks for the luncheon. Marmion Dambrino introduced her athletics staff and Lion Steve Simmons introduced the guest speaker who was no other than Mr. Milo Hamilton. Milo is a member of just about all of the Halls of Fame in the country. He provided a very entertaining presentation giving us some insights of his past and his future. He did however give our Lion Ken Whitfield a good ribbing about he being about the same age as himself.

You know, my IQ is directly in proportion to my ability to access the internet's Google. I didn't know who Tom Shaw was and I began to wonder today. I googled his name and discovered there is a Coach Tom Shaw who is quite famous. There is also a congressman named Tom Shaw up in Iowa. There is another Coach Tom Shaw over in Vanderbilt who coaches Golf. Another Tom Shaw exist in Chesterfield MO and he is a realtor. Well, there was also a Tom Shaw who was a Lion in our Downtown Club and it is him that the Sportsmanship Awards is named . .... betcha didn't know that didcha? (I didn't).

Anyway, the Awards Luncheon is only one thing that goes on in our district that you probably didn't know about. There are literally hundreds of things that go on each and every day. I am very fortunate to be elected 2nd vice Governor because it encourages me to travel the district and visit clubs and talk with Lions about what they have going on. I am astounded. You guys and gals really make me proud of being one of you. I would like to shake your hand... each and every one of you. I would like to say thank you for all you do. THANK YOU.

By the way....who was Bob Dowden?

# PSC Meeting

**Presidents and Secretaries Council meeting  
December 1, 2010  
Come early to eat, Meeting starts at 7:00 pm**

**CHINA BEAR RESTAURANT  
located at 15000 I-45 North  
On the northbound feeder road.**

Hello Lions. As you know February 2, 2011 is the Bob Dowden Dinner. There will be no meeting at the China Bear, meeting will be at 6:30 at Holly Cross Lutheran Church on Wirt and Westview. This is the place to be seen, and this will be a great evening benefiting the Texas Lions Camp. All proceeds will go to the camp.

There will be a Silent Auction, a Live Auction, Desserts for \$1.00 and great food -- tickets \$15.

There will also be a drawing for a great camera. These tickets are \$1 each, 6 for \$5, 27 for \$20 I just know I purchased \$20 worth and got 27 tickets.

We are asking people to please bring a dessert to sell. This will help. I also need people to sell the desserts Please let me know if you can take part for a short while at this event.

Lions Mark Roth and Chris Moorman, Camp Directors are in charge of this event. Please order your tickets and bring people with you so we can make a big donation to the camp. PLEASE MAKE YOUR RESERVATIONS so we will know how much food to have.

The live auction is lots of fun, and I am going to win the camera.

Get those reservations in, and come and bring friends. It will be worth your time and the camp will benefit from our good time.

We will resume the P & S Meeting at the China Bear in March.

## Effects of Deforestation

Deforestation is the removal of trees to facilitate farming activities, mining, roads and grazing of cattle. This act has become a major issue in environmental circles because it affects life in general. Slash and burn means cutting down trees and burning of forested areas to establish crops and provide pastures. This method of land clearing is the most frequently used method of clearing agricultural lands. When we destroy the forests by ranching, logging, farming and industrial activities we are creating an imbalance. Do we really want to do this?

Why is there need for trees? Trees play an important role in the quality of life on Earth. Trees assist in improving air quality by trapping carbon and other pollutants. They determine the amount of rainfall we receive by replenishing the clouds, they cool and regulate earth's climate, reduce erosion, landslides and enhance soil fertility.

Some of the negative impacts of deforestation include soil erosion, loss of biodiversity, increased disease transmission, political turmoil, climate disruption, and destruction of forest based societies. Despite the adverse effects of deforestation on the environment, the quality of the soil and water are also affected. Humans are also affected due to the aesthetic value of the land being reduced and less space is available for recreation and cultural practices.

Fellow Lions putting the issues on the back burner will only threaten life on Earth much more. If we don't fix the problems now when the forests are gone we won't be able to fix it then.

### I-2 Zone Lions Clubs Provide “Senior Cheers”

*Officers and members of the Houston Millennium Lions Club (Club President Archie Zalun), Houston Fil-Am Lions Club (Club President Belle Datu) and Houston Midwest Lions Club (Club President Romito Bado) together with I-2 Zone Chair Arlita C. Pang.*

For the past 2 years, the Houston Millennium Lions Club and the Houston Fil-Am Lions Club have jointly cheered 80-90 seniors at the First Filipino American United Methodist Church Senior Center at Christmas time, calling the event “Senior Cheers”. Lions mingle and join seniors in dancing, singing, etc. However, the most fulfilling and meaningful part of the event is the gift giving as each club prepares a gift for each senior.

This year, Houston Midwest Lions Club gladly joined the “Senior Cheers”, making this the 2<sup>nd</sup> joint event for the Zone. All 3 Club Presidents and other Officers and members were present to once again cheer and give individual gifts to 120 seniors. Each club prepared 40 gifts. Watching all the seniors excited and delighted to receive a gift makes them no different than the kids. Another day of fulfillment and a great way to end the year! See you all next year, Lion Arlita C. Pang, I-2 Zone Chair.

# It's Not That Far!

It's not that far. I didn't mind the heat. Waiting eight hours was not a bother. Comments like these are heard by the Lion volunteers, who go on foreign missions, because people have to walk for miles and miles in oppressive heat (or monsoon rains), and have to wait for hours just to get a used pair of glasses. They might have to wait days to get their child actually examined by an actual eye doctor... **but it is that far**, and they risk heat stroke, and they camp outside a clinic likely in unsanitary conditions for days, to get the help they so desperately need to see.

Of course, on those missions where an actual optometrist office has been set up, the equipment is too big to move around, so people have to come to it. Basically we are talking about the doctor's chair with the phoropter attached. The phoropter is that big set of glasses with wheels and dials all over it, which the Optometrist uses to get your refractive status and obtain the prescription.

With children we always need a phoropter and an Optometrist, because they need new glasses prescribed. Children would readily accommodate to a near prescription, if you tried to put recycled glasses on them, which would only make it worse.

TLERC's pilot Children's Eyeglass Program is already proving that we can operate a lab and make brand new prescription glasses for children from a long distance. We also are showing that Lions in developing countries can be successfully trained to make prescription glasses on manual lens cutting equipment.

So what if we could get the phoropter to the children in their own villages, where they would not have to travel so far. That's what TLERC is working on now. PDG Ike Fitzgerald has put together a simple tripod system from which a phoropter can be mounted. The whole thing weighs less than 10 pounds. So now it is possible to take the mission Doctor from town to town reaching many more children. Prescriptions could be sent to nearby lens labs operated by the Lions to make the new glasses for the kids.

So what's the problem? Let's just go out and buy a bunch of lens cutting machines and Phoropters. It's a matter of money. We need more Focus Clubs (\$3/member) and "Visionary Knights of the Blind" (min. \$100/yr. or \$10/mo bank draft). We are a long way from 25 Visionaries/District. If you are a Club President, please have your District Director come speak to your Club. He/she can tell you about all of the programs, many of which offer you chances to SERVE right in your own community.

With funding to buy the equipment and provide training, we not only will SERVE many more children with a new pair of glasses, but we will also teach these areas to develop their own optical industry and become self-sustaining.

Even more exciting, if we can put new glasses on children in these developing areas that have no optical industry, how much of a leap is it to be able to put new glasses with an accurate prescription on adults? Actually, **it's not that far!**

# An Invitation to the Anchorage Lions Forum

Dear Lion Leader,

As General Chairperson of the 2011 USA/Canada Lions Leadership Forum, I want to personally invite you to this great learning event. Anchorage Alaska will be the site for this fall's top North American Lions educational experience. September 22-24, Lions from all across the United States and Canada will converge on the "Land of the Midnight Sun" to sharpen their leadership skills, renew old friendships and make new friends. And, as a leader in your area, this would be a great opportunity to learn more from accomplished presenters and visit with our International leaders.

Our 2011 Forum Theme "*I Believe in Lions Leadership*" will be the backdrop for dozens of seminars and workshops held over the three day event. In addition, four featured main speakers will grab your attention with their dynamic and motivational topics during each of the four meals. I promise you will not only learn something new, but you will also be moved, entertained, motivated, and will experience a renewed sense of pride in being a Lion!

You are encouraged to visit our website at [www.usacanadalionsforum.org](http://www.usacanadalionsforum.org) and check out the November Newsletter which is loaded with information on the speakers, seminars and hotels, along with articles on Alaska. Also on the home page is a printable registration form. You can also register online with the online registration form. Our January Newsletter will be added by mid-January.

Please accept my invitation to join me in Anchorage, September 22-24 this year for the most memorable Forum ever, our 35<sup>th</sup> Annual USA/Canada Lions Leadership Forum. I look forward to welcoming you!

Sincerely,

*Bud Wahl*

PID Bud Wahl, General Chairperson
