Thoughts from your District Governor

When I joined the Lions Club I was told that it is a volunteer organization that supported multiple charities. Right after joining, I volunteered to be our club president. The next year I volunteered to be a zone chairperson. The next year I volunteered to be a treasurer. The next year I volunteered to help with SightFirst Two. The next year I volunteered to become the second vice district governor. All this time, I thought everyone volunteered like me.

As you may or may not remember, I challenged all to create 8 new clubs in our district and to bring in 450 new members. The reason I did this is because the most common complaint I heard was decreasing membership and our aging membership. Every club I visited said they needed new YOUNGER members. I really did believe everyone would jump at the chance to get new members.

You may or may not know that all of the Governors in Texas communicate with each other. I bring you good news. The Texas membership is growing. I got word that district T2 (Governor Peg White) will start three new clubs this week. I also heard that district S-4 (Governor Jeanie Cobb) will have as many as eight new clubs before the year ends. If they are successful, then they could be bigger than us, even though we have the biggest city in the nation's south within OUR district. District E2 is starting several new clubs up around Dallas (Governor John Paul Burnett).

Now I am sure that our district's volunteers have heard the call. I have extended the invitation to our members at EVERY President's and Secretary's Council meetings for volunteers to help canvas. I have sent several email invitations to just about everyone in the district who has an email address and asked for Lion volunteers. We have over seventeen-hundred Lion members in this district, yet I only received a total of only nine positive replies. I am left to wonder just how we can help our clubs needing to bring in new members if we can't get support from strong Lion leaders from across the district.

Presently, we are 21 members down from the start of this Lions year. I'm told repeatedly by Lions in the communities that WE NEED TO CANVAS FOR NEW MEMBERS! Our smaller clubs NEED the help of other Lions. It is not too late to turn this around. There are several club-assist programs scheduled over the next few weeks and I would really like to extend the hand of service to each of you to consider helping us rebuild some of our clubs.

The words of Helen Keller are truly applicable here – "alone we can do so little". So, I ask for you to help me, help our clubs canvas for new members. Hey, if a blind guy like me can do it, then I know YOU can do it. We have sixty two clubs now. I have challenged each club to find just eight new members. That can't be impossible, can it?

We are preparing for the second organizational meeting for the new Kingwood Lions Club. We NEED to have seven new clubs formed over the next 4 to 6 months. I'm also looking for good Lions to volunteer to serve as their Guiding Lion.

District Governor 2012-2013

2013

You know, the process of starting a new club requires the help of many dedicated people. Back in July, I really thought that I could do it all by myself. Then I lost my sight. Boy was that a humbling experience - I learned that I was dead wrong. So, once again I ask for your help. The District needs your help. Your fellow Lions need your help. Can we count on your help?

Hello everyone,

In order to create 8 new clubs in our district, we will need to have a group of dedicated individuals to canvas the various areas.

I am also offering help to any club in our district that wants to have a membership drive. I visualize that help being assistance in canvassing their area for new members.

No one will work alone. Our team members will work in pairs... one carrying notepad and applications and the other doing most of the talking.

I know this works because this was done to create the Crosby, Nasa and La Porte clubs.

I know not everyone will be able to assist each time, so I am asking that a pool of individuals be made available that we can call on for each project.

As is stands now, we have three clubs that need us.... the Oak Forest Club, the Montgomery Club and the Riverside Club. All need a membership drive.

For you to be a member of the "Pool", just send me an email with a "yes" reply. I thank each an everyone of you for your service.

Did you know?

- 70% less energy is required to recycle paper compared with making it from raw materials.
- Up to 60% of the rubbish that ends up in the dustbin could be recycled.
- The unreleased energy contained in the average dustbin each year could power a television for 5,000 hours.
- As much as 50% of waste in the average dustbin could be composted.
- Recycled paper produces 73% less air pollution than if it was made from raw materials.
- It takes 24 trees to make 1 ton of newspaper

Thought's from the First Vice District Governor:

WE CAN DO IT

On the first weekend of January, I spent the weekend in Dallas at 2 seminars. One on GLT – one on GMT. There were VDG's from Arizona, New Mexico, Missouri, Oklahoma, Louisiana and Texas in attendance.

When it came time for membership (GMT) and after the classroom training, we went to round table discussion. Well I sure got an ear full. The success stories were great. One district started 4 new clubs, 3 are already chartered, and one is to be chartered at the end of the month. Another is 87+ new members and another 54+ new members and on & on. I'm glad it stopped before it got to me!!! You could feel and see the pride and enthusiasm coming from these folks. The table was a mix of attendees, from all areas, not just from Texas.

District 2-S2 is at a minus right now. Our good Governor Paul has gone out with a few Lions and gotten a club started in Kingwood. He asked for help in completing this new club, but got no response. Montgomery and a few other clubs are in need of help – but the Governor has asked again for assistance and again, no response. Where is the enthusiasm to be FIRST, be a WINNER? Where is the pride???

Next year I would like to have a lot of fun and exciting things going on in District 2-S2, but we need to work on PRIDE & ENTHUSIASM – NOW – FOR THE NEXT 6 MONTHS! WE CAN DO IT!!!!

District 2-S2 is full of good Lions. We need to get them all going in the same direction. Helping each other to be the best we can be – WE ARE A FAMILY.

Till next time,

First Vice District Governor Eddie Risha

Thought's from the Second Vice District Governor:

Whenever I see or hear a quote, whether it is a famous quote or not, that strikes me I always try to keep a copy of it. One of the quotes that has been sticking with me lately is from Johann Wolfgang von Goethe. He was a German writer, artist and politician who lived from 1749 to 1832. A German writer who lived back then is probably causing some of you to tune out, but try and stick with me. It is a great quote. Johann wrote the following,

“I have come to the frightening conclusion that I am the decisive element. It is my personal approach that creates the climate. It is my daily mood that makes the weather. I possess tremendous power to make life miserable or joyous. I can be a tool of torture or an instrument of inspiration, I can humiliate or humor, hurt or heal. In all situations, it is my response that decides whether a crisis is escalated or de-escalated, and a person is humanized or de-humanized. If we treat people as they are, we make them worse. If we treat people as they ought to be, we help them become what they are capable of becoming.”

The reason I love this quote is how empowering it makes us all out to be. We control the world around us. It is our decisions that shape our environment and the lives that we touch. It is awesome thinking of that absolute power we each hold. On the other hand, this quote can actually be quite scary. My family, the people I work with, my fellow Lions; their environments are all shaped and constantly reshaped by my mood, my decisions, and my words. It is frightening to think that when we might be having a bad day or being negative, then we are altering everyone's world we come in contact with.

Now if you've stuck with me this far, you might be wondering why I'm writing about this quote in our newsletter. It is because I have recently seen a few instances of “but we've always done it that way” in Lions, in my work and in my personal life. Things that were brought up by people who had enthusiasm, but someone else's daily mood quickly changed the weather. I could be alone in seeing these instances, I hope I am. But if I'm not and you happen to witness an idea being turned away simply because it is a new project or it isn't the way something is normally done, talk to the person. Offer assistance if possible or advice on their idea. If you are a leader get more information from them. There are many valid reasons why a new projects or ideas can't be taken on. This could be because of lack of funds, workers, etc. Just because it is a different or something new shouldn't be one of them.

Presidents and Secretaries Council Meeting
FEBRUARY 6, 2013
Come early to eat, Meeting starts at 7:00 pm

CHINA BEAR RESTAURANT
Located at 15000 I-45 North
On the northbound feeder road.

Attention Presidents & Secretaries and All Other Lions

We have a very special speaker at the February 6, 2013 P& S Meeting. You will all want to come out and hear this presentation so make sure you spread the word.

Lion Mike Holmes, Houston Sports Lions Club, President of RBI (Reviving Baseball in Inner Cities). RBI is sponsored by Major League Baseball. This is a program designed to promote the game of baseball to teenage boys and girls in disadvantaged areas. You won't believe all the things he has done to help the children in disadvantaged areas. Come and learn how you can help this organization. What a way to help these children get on the positive side of life. After all, isn't that what Lions are suppose to do. Remember: **"We Serve."**

For your information, Lion Mike Holmes is a former wide receiver in the NFL with the San Francisco 49ers. So a plus to all of this is that you will get to meet a former San Francisco 49er Star.

Who knows, we may have some other surprises for you. You really do not want to miss this meeting.

We plan on seeing you on the 6th of February at the China Place on I-45.

Lion Pat Mann
President of the P&S

District 2-S2 Humanitarian Relief Fund

Here are a few questions you should ask yourself. How can my club help families in my community that finds themselves in need of a wheelchair ramp? Or, how can the district help my club fund a project to assist my neighbors? Or, does the district have a program that we could use to help get our new members involved?

One answer to these questions is the District 2-S2 Humanitarian Relief Fund. Your H.R. fund is more than just another committee. It's a fund set aside to supplement your clubs community service projects. The H.R.F. is available to give your club another opportunity to get its members involved by helping out your neighbors and a chance to get your new members started off on the right foot. It allows each club to take on larger projects and increases Lions visibility in your community.

Funds are available to every club in the district. ([Download Request Form](#))

Please bring your used eyeglasses to the PSC meetings. Have a count of the number you are turning in; the total will be announced at the meeting and in Paw Prints.

We only count complete pairs of glasses. We need a total count of the glasses from the person that brings them to the PCS monthly meetings. No special packing needed, save all cases, we sort through the containers at the recycling center for the final sort (those that can be cleaned, adjusted, and washed). Do not count loosed lenses into the totals collected. Each month, or whenever you choose to do so, we can supply the totals collected the previous month to the other members.

Thanks for your help.
