Lions we have four months left in this Lions year to reach our goals. I know there are something's that have happened this that should not have happened, it has hurt our District, but if we will work together we can get back on tract.

We have some Zone Chairmen that have not made all their meetings, if you can't hold your Zone meetings please call me and I will get you some help. Membership, we are barely breaking even in membership. I asked everyone to please make an effort to get a new member. I would like to thank the Lions that have brought in new members.

I have enjoyed and appreciated all the Clubs that have had us visit their Clubs, and I am looking forward to meeting with the few we have left.

I have visited some of the other Districts and found that every District is different, but they are all still Lions that help the community when there are those in need.

I would like to thank all the Clubs that gave money to help the Promote Texas Fund.

Your's in Lionism,

J. E. McCune

District Governor
James E. "BUD" McCune

We are now in our last quarter of the Lions Year 2002-2003. Our District Governor is on top of the list of increase in membership in the State of Texas. I salute Governor Bud for his persistence in membership growth. I hope you have enlisted your one member for this year. "ONE" member for every Lion, that's all I am asking for the support we can give to our hardworking Governor.

As Vice District Governor I am a member of HRF Committee and elected as Chairman. I am happy to report to every Lion in the District that we have granted five matching Request in the amount of \$12,200. We have great success because our Governor has been campaigning to help our community thru this fund. I likewise salute those Clubs and individuals who had the initiative to maximize their capabilities to help others and their community by taking advantage of this fund.

As I am writing this note our President came on the television and the strike on Iraq is on All I can say is May God bless US all.

Yours in Lionism,

Melba Buado

Does not say anything...

I am rethinking Next years MAR any ideas would be helpfull.

One thought I Have is that This is where you can tell of upcoming events time date place, and other clubs might attend.

IT'S THAT TIME AGAIN.
THE TIME FOR COLLECTING MONEY FOR THE BUS FUND.....THAT IS
THE BUS THAT TAKES OUR KIDS TO CAMP.

I HATE THIS PART OF THE JOB....BUT SINCE THE TRANSPORTATION
COMMITTEE IS NOT FUNDED BY THE BUDGET.. HERE I AM..

WE HAVE RECEIVED A BID FOR \$6100 FOR THE BUS SERVICE. ADD TO
THAT \$400 FOR LUNCHES FOR THE RETURN TRIPS FOR A ROUNDED
OFF AMOUNT OF \$6500..

WE HAVE 65 LIONS CLUBS IN DISTRICT 2-S2. IF EACH CLUB WOULD
PLEDGE \$100 WE WOULD HAVE IT COVERED. IF, AS A CLUB, YOUR
COFFERS ARE BARE..THEN 10 MEMBERS COULD PLEDGE \$10 (LESS
THAN A CUP OF COFFEE A DAY) TO COVER IT. IF THAT FAILS, WE
WOULD ASK THAT SOME OF THE LARGER, WEALTHIER CLUBS, LIKE
THE ONE TO THE NORTH, IF THEY MIGHT STEP UP TO PICK UP THE
SLACK.

THE BUS IS A REAL BARGAIN. LAST YEAR WE TRANSPORTED 190
KIDS. IF WE TOOK THE KIDS UP INDIVIDUALLY AND YOU FIGURE \$50
FOR GAS (CONSERVATIVELY) THE COST WOULD BE \$9500.

WHAT A BARGAIN!!!

MAKE CHECKS OUT TO THE DISTRICT 2-S2, FOR CAMPER BUS.

DUE BY THE FIRST OF EACH MONTH

MOLD

The cleanup of surfaces in a home that have signs of mold is no different now than it was 40 years ago. So what's the alarming problem now versus then? Nothing!

Through modern heating and air conditioning (HVAC) systems and proper maintenance, mold is easily controlled.

If you read the Environmental Protection Agency's Web site about mold and related problems, you will find that there is no way to eliminate all mold and mold spores in the indoor environment.

Due to most homes' negative pressure, all you have to do is open your front door and millions of spores are sucked into the home like a vacuum.

Negative pressure is caused by air being removed via items such as the kitchen vent hood, bath fans and dryer vent. To counteract negative pressure, your HVAC system should have many changes.

A "fresh air make-up" from outside air, or "recovery ventilator" will positively pressurize your home, so when you open the doors the air will flow out, not in.

This recovery system helps to lower the radon levels in the home. Radon is a gaseous, colorless, extremely toxic, radioactive element that comes from the earth, rock and well water. It is caused by the breakdown of uranium in the soil.

Radon has been listed as a Lung carcinogen in humans by the EPA and World Health Organization.

Most radon comes from cracks in foundations in older homes. During remodeling, the home usually is leveled first, and then the cracks can be filled and sealed with special concrete sealer.

Radon enters the home because of negative pressure in the home. "Recovery ventilators" will positively pressurize the home and, radon levels will remain lower. Radon is the second leading cause of lung cancer in the United States.

More than one return air location can be added in the home, allowing the air to circulate more evenly, creating more of an even temperature throughout the home.

An ultraviolet light (C Band type) should be installed in the supply plenum next to the evaporator coil. This will sterilize the air that passes through your system, causing mold to be unable to reproduce.

It is important to never run your lower in the "on" position; when the air conditioner shuts off, so should the blower.

If the conditions in the home that caused mold growth in the first place are not corrected, the mold will come back. Always run your exhaust fan when taking a shower or hot bath to remove steam. If you see mold, clean it with water and detergent, then dry.
