## Thoughts from your District Governor ....

**Chris Moorman**

DeDe and I had the pleasure of attending our District's Opportunities for Youth contest a few weeks ago. A huge thanks goes to Lion Minette Chiu and the judges for their work on this event. This is a great way for Lions clubs to engage the youth in their community. If your club didn't participate this year, I hope you do what you can to have a contestant next year. As usual, the contestants were all exceptional and reflected well on their parents, their school and the Lions clubs who sponsored on them. The enthusiasm and great attitudes they all had would make someone rich if they could come up with a way to bottle it. With the negative things you sometimes hear about young adults these days, it was great leaving the contest having caught a little bit of that enthusiasm and positive attitude from these outstanding young adults.

The thing about enthusiasm, good attitudes and happiness, they are contagious. If you are like me, you might have had a time when you were in a bad mood because traffic was bad on the way to work, it was raining bad when you had something fun planned outdoors or some other inconvenience. Then you might have bumped into or ran across someone who had such a positive attitude, it just completely turned your day around. You might not even realize it at the time. There have been scientific studies and they've shown that happiness is indeed contagious. In amazing ways too. The studies have shown that not only is the happiness contagious to those in close contact with a happy individual, neighbors and friends who live within 1 mile of a happy person are more likely to be happy. Of course the studies show that negative attitudes and stress are contagious too. That's a scary thought. Because my coffee was cold or they messed up my meal at the restaurant, my sighing about the mix-up is bringing other people down? That can be an eye-opener.

We all have minor inconveniences and hurdles in our personal, business and Lions lives. I'm not talking about major issues, problems, trials or tribulations. I'm talking about things like the food order being mixed up, getting cut off in traffic, being fined by the Tail Twister because your cell phone rang during a club meeting and other similar things. How you react to those situations could make a difference in someone else's day, good or bad depending on you. I'm not sure about you, but that sounds like both a great, empowering thing and a scary thing all at the same time. I know I won't have a good attitude at all times when I face a bad situation, I'm just going to try and keep the average on the positive side of the scale.

2015

For those Lions unable to attend the Youth Contest on April 11th I want to share with you a comment from the winner of the Outstanding Youth Award - Ashley. Ashley made the comment that people who willingly volunteer experience a change in their life as a result of the volunteering. I would illustrate that comment with two examples and present to all Lion in our district an opportunity. First example - (Note: the full article can be found in the April 2015 edition of "Guideposts".) Joe Shearer wanted to get back into bicycling. He answered an email of a blind man wanting a riding companion on a tandem bike. The experience started out not quite as he expected. But as the two of them rode together, Joe began to change. This summer he and Thomas will ride the TransAmerica Trail from Florence, Oregon to Yorktown, Virginia. They are doing this "to raise awareness and money for the Foundation Fighting Blindness, an organization that does research on preventing degenerative eye diseases such as retinitis pigmentosa which caused Thomas blindness and for the Covington County Visually Impaired People Lions Club in Andalusia, Alabama of which Thomas is a member." 2nd example - 1925 - Helen Keller's challenge to the Lions "to become knights of the blind in the crusade against darkness." "Lions are known around the world for their service to the blind and visually impaired." {Read the full story on the LCI website/Helen Keller - Biography}. How many lives have been changed? How many pairs of used glasses have we as Lions collected? Now for the opportunity - see a play being performed at AD PLAYERS - GRACE THEATER LOCATED 2710 W. Alabama Street, HOUSTON. Title of the play is "The Miracle Worker " Depicting Anne Sullivan's struggle to reach Helen Keller, locked in her world without sight or hearing. The play runs from May 13 - June 21, 2015. So there you have it - two examples of changes and one opportunity. Looking forward to more changes and opportunities. God bless you all.

**Thought's from the Second Vice District Governor ...****Mark Roth****Lions Worldwide Week of Service**

At the International Convention in Toronto last summer, International President Lion Joe Preston issued a personal challenge – The Centennial Service Challenge – to all Lions Clubs to focus on service over the next three years. His goal is to serve 100 million people by the 2017 Convention in Chicago. Since the convention, President Preston has introduced the Centennial Service Challenge focusing service on four key areas – youth, hunger, vision and the environment.

To date, the LCI Centennial Service Challenge Tracker indicates that 28 million people have benefitted from Lions service projects. We are well under way towards our 100 million served by 2017.

<http://lions100.lionsclubs.org/EN/programs/centennial-service-challenge/index.php>

If your Club needs some motivation for a Club service project, please consider a project for the Worldwide Week of Service to be held May 16 to 22, 2015. For some ideas, please see the Lions web site for more information:

<http://lions100.lionsclubs.org/EN/programs/centennial-service-challenge/worldwide-week-of-service.php>

To quote International President Preston, "Service is what we do". Good luck and have fun!
