Thoughts from your District Governor

Noah Speer

To members of District 2-S2, "Merry Christmas". I can hear it now "Our DG has flipped". Or "There is a nut loose on his keyboard (not hard to figure out who the nut is)". Why "Merry Christmas?". Well at Christmas time we (our family) make lists –

Lists of food for meals

Lists of presents to give

Lists of parties to attend.....get the picture.

Well since about June 1, I have been making lists for District 2-S2

List of board positions – filled and vacant

List of clubs to visit

List of lions to get my pin

List of club activities to attend

List of Council of Governors Get the picture

It feels like Christmas. Now granted the temperature in Huntsville hit 98 degrees today. There is not even a vision of snow on the front lawn. I see nothing that resembles a Christmas tree and the only box delivered in the past week is one with 125 used eye glasses collected by Lion Marvin Hyvl to be delivered to Tim Cox. I guess that counts as a present. And last night at the annual dinner of the Lions Eye Bank of Texas, we heard the personal testimony of a young lady that donated eye tissue of her mother upon her mother's death. That was a present to two people. I heard from another Lion how good it was to hear that our district was going to have three bus trips to TLC for children this year. That could be another present. I inducted 4 new members into the Katy Lions Club last Thursday - now that was a great present!! On Sunday, I picked up 6 couches to be delivered to flood victims. I guess you could count that as 6 presents also. I helped a club get officers listed in LCI. That could be a present because now we can start communicating with that club. So maybe it is Christmas. Whenever we, as Lions, help someone in any way that action of help, generosity, giving could be considered a present.

2015

I am reminded of the lady who walked the last beam for a 95' foot bridge in the jungles of Honduras for the first time. A group of 6 of us were building the bridge. We still had the decking to nail into place. After she walked that beam, she stopped and turned. Her smile and comment "I'm the first." was like opening a present at Christmas and birthday party all at one time. We were no longer tired and sore. We had received the best present ever.

You know as Lions that is our reward when we see the results of what we do – we get a present. And fellow Lions that makes all we do worthwhile. We have a year ahead to serve at the club level, the district level, the multiple district level and the national level. Don't miss the chance to get a present. Christmas can happen everyday. God bless you all and let's go!

Thought's from the First Vice District Governor ...

Planning a Great District Convention

I was fortunate to have the opportunity to attend the International Convention in Honolulu the end of June. In addition to meeting Lions and making friends from around the world, I reconnected with many Lions that I have met along my journey in Lionism. IPDG Chris Moorman and DG Noah Speer were really great about giving me pointers about maximizing my experience at the convention, and identifying the great programs to attend. DG Noah suggested that I attend the session on "Putting on a Great Convention". As 1stVDG this year, it will be my task to assemble a great team of Lions to work together and plan our District Convention.

The presenters, a panel of Past International Directors, shared a wealth of experience and introduced the audience to their "Keys" to putting on a great convention they billed as "The 5 P's of a successful convention":

1. People
2. Preparation
3. Program
4. Planning
5. Promotion

First, you have to start with a great planning team. Putting on a convention is not a one-man, or one-woman show. There are so many aspects to consider, it is just too big for one or two people to coordinate. Also, the more people included in the planning, the more likely that others will be drawn in to the excitement and want to attend. Before I get off the topic of the Team, I want to invite Clubs to recommend one of your newer Lions to serve on the Team. What better way to introduce your newer members to the District than connecting them with others serving on a District level.

In preparing for the Convention, we will be doing our homework. We'll be looking back at past years and seeing what worked well, what didn't and what could have worked better had we been a little more focused on execution. Considering the feedback, we will brainstorm together and create a program that takes into consideration the feedback, District goals and objectives.

Look for something fresh in the program. As we learned, speakers can be the key to a memorable experience at the Convention. We will consider looking outside of Lions, perhaps at a celebrity or local public figure to provide an inspirational address to the members. Be prepared to be entertained.

After all the "brain" work creating on paper, at least, an entertaining and exciting program, we will set the planning timeline. This is where we will be putting the details down on paper, coordinating the logistics and creating the delivery dates for work along the way, leading up to the Convention.

The most critical part of putting on a great convention is in how effective you are at promoting it to your members. You could possibly have an award-winning program, but if you don't let the members know about it, the hall could be empty. The promotion step is a very critical piece, and perhaps why it is most important to include many different people on the Team. Executing on each of these "P's" requires specific skill sets. It's really hard to find individuals who have the total package. So, I appeal to each of you to consider participating on the planning team. If you would like to help, please give me a call. I promise to only work you as much as you feel you can commit.

WHO IS DISTRICT 2-S2? EVERY LION WHOSE CLUB IS WITHIN THE BOUNDARIES OF 2-S2

As most of you know, there are two very well kept secrets about Lions. One is that Lions Clubs exist and they serve. Two is that there are 58 clubs in our District (2-S2) and every one of the 58 club members are part of our District. When you refer to the District you are referring to yourself. You may not hold a Cabinet position but you are still part of the District. I would like to encourage each of you to consider coming to the President and Secretary meetings and to the Cabinet meetings. You will learn about what other clubs are doing and you will also learn from people who take positions in the District. You will learn more about being a Lion and other ways of serving.

Just know that the District cannot exist without **YOU**. Our District can be one of the **best** Districts in Texas if we **all** take an interest in not only our clubs but the District as a whole. I would love to see as many as can come to the Cabinet meeting on July 22, 2015 at 7:00 P.M. at the China Bear on I-45. Let's get this Lions Year off to a great start by showing up and supporting each other.

My next article will be about District positions. Please stay tuned and may be you will find a position you may be interested in doing. Let's not waste all that talent we have in our District. Remember you are the District.

Our District Had Lions very busy this summer. From traveling to the International Convention to Installing new Officers, and having Fun-raisers, yes i said FUN. Here are just a few pictures of our Lions having FUN.
