Thoughts from your District Governor

BACK TO SCHOOL.....BACK TO WORK!

Can you believe that summer is actually almost over? I know that with this HOT weather we are having it seems like summer will never end, but the signs of autumn are here. If you have a child or grandchild who is going to school, you know that fall is upon us! Or perhaps, like yours truly, you have an educator in the house and you REALLY know that school will be starting soon. My wonderful bride Marla, (who has been called by former students as “The Greatest Teacher Ever”!) has been as “busy as a bee” for the past couple of weeks. Between that and keeping me On Track she has been going non-stop! We have been to several governor visits in the past month and I can’t begin to tell you how much fun we are having! It is really exciting to visit clubs and find out that Lions everywhere feel the same way I do about the things we do! Lions are getting back “that loving feeling” of serving together as a family. Lions are getting reignited and excited and motivated about getting out and promoting what it is we do as Lions through community service! If you haven’t yet scheduled your club’s visit, please contact Cabinet Secretary Lion Eva Thatcher as soon as you can so you can get your ticket to the Lions Express! I still have hopes to get my **message of Family, Fun and Fellowship** through service to all the Lions in the district by the end of December! So hurry up and climb aboard!

Speaking of “WE SERVE!”, there are bunches and bunches of opportunities to serve presenting themselves to Lions in the coming months. Don’t forget to get your club involved in serving our Earth by planting trees. Lion Charlotte Wade, President of Houston Spring Branch, has graciously embraced this opportunity by volunteering to lead the Lions of District 2S2 in our “Plant One Tree Per Member” campaign. Be sure to come to the September PSC and hear her ideas and plans and how you can get your club involved. Remember, I BELIEVE that if you plant trees, you will be planting the idea of service in the minds of others and YOU WILL get new members! Oh....speaking of PSC, I want to thank all of the presidents who came to the August meeting and I hope you will return for ALL of the meetings this year. Last month we focused on presidents, so the September meeting will focus on Secretaries. Secretaries, come to the September meeting and get your gift. Presidents who were not able to come the last meeting, remember I have a pin for you from International President Tam and you have to come to the PSC to receive it!

October PSC will be our annual Bob Dowden Dinner this year. This is one our district’s main fundraisers for your camp in Kerrville. (continues on page 2)

PAW PRINTS of 2-S2

The Bob Dowden Dinner is a great opportunity to support our Texas Lions Camp and all of those campers who are able to go to camp each summer free of charge and experience life in a way they may never have otherwise been able to. This is an opportunity for you to impact the life of one individual or many individuals as campers have their lives changed by the experience you have made possible as a Lion in Texas.

As you can see, Autumn brings out a lot of chances To Serve. School is starting so how about helping with school supplies where there is a need. Get your eyeglass program back in gear and be ready to get glasses for the kiddos who need them. Get prepared to be involved with our youth contests and peace poster contest. NOW is the time to be planning your club's involvement in our youths' growing process and showing them the way To Serve! Plan a Health Fair or a Vision Screening. If your club hasn't been involved in these in the past, talk to a club that has! (The PSC is a GREAT VENUE for this kind of interaction and information sharing). Ask your Zone Chair what he or she knows about these kind of service opportunities.

I hope you all are ready for fall and I look forward to serving along with you in the coming months. So C'mon..... Climb Aboard as we ROAR through the year and Keep Our Lions Family on the TRACK TO SERVICE! I hope to see all of you soon.

Thought's from the First Vice District Governor:

Well, howdy everyone. I'm sitting at the health fair that the Royal Oaks Lions are sponsoring. It's only 7:30 am and there must be two thousand people waiting to get in. It's amazing there are booths everywhere in the old Sharps town Shopping Center. (it's now called Plaza America) The facility is new, modern and lends itself well to this kind of extravaganza. I was just informed that the District Governor is coming and there will be a presentation somewhere on a stage....and I'm supposed to be there too.

This is the kind of public exposure that the Lions Clubs in our district need desperately. It has been shown throughout the world that when the Lions participate in a community project, the community benefits, but more importantly, the Lions benefit. When Winnie Mae and I went to USA/Canada Forum, we were told that each and every club should create a "Signature Project". It was explained that a signature project is one that the community can identify as a Lions Club project. Maybe this is what we need to do in order to recruit new YOUNGER members.

"This paragraph is inserted for me to find out if anyone actually reads this blurb. Now is the time for all good men to come to the aid of their party. Now is the time for all good men to come to the aid of their party. Now is the time for all good men to come to aid of their party. Now is the time for all good men to come to the aid of their party. The first person who e-mails me to say he/she read this will be presented with a prize."

Now back to Lionism... Ladies and Gentlemen we have a problem,. Last year the Lions Clubs in Texas lost more than 1500 members. Do you realize that is almost our entire membership in district 2-S2??? At this rate, there will be no Lions in Texas in 20 years. When was the last time YOU asked someone to become a Lion?

Thought's from the Second Vice District Governor:

WE CAN DO IT

**How many of you "invited" a guest to join you for Lunch/Dinner?
Did you make arrangements to plant a tree for each member?**

**PLANT A TREE – BRING A GUEST
80 Club 2-S2 by the end of 2014**

Pencils: Check Notebooks: Check Ruler: Check

It's August and this scenario (or something close to it) is being played out all across Texas: Mom or Dad have been to the school or on the school website to get the list of supplies their children will need. Now the frenzy has begun to make sure everything on the list is ready to go on that first day of school.

It may cost a ton of money, but they have to have it. Paper, erasers, pens, notebooks: check. Ruler, protractor, 3 ring binders: check. Gym clothes: check. Folders, thumb drive: check. New pair of jeans, new tennis shoes, new shirts: check. Haircut: check. New lunch box: check. **Eye Exam: NOT CHECKED!**

“We’re just out of money; we can’t afford the exam much less glasses. I hope their eyes haven’t changed much over the summer, plus the school district has to check them anyway”.....and so it plays out in households all over the State. As a result, thousands of children will start school with all of the right supplies, but **NOT** all of the right **TOOLS!**

But is leaving it up to the schools the answer? School budgets have been slashed, larger districts that had dedicated testers, probably have cut them. Nursing staffs will be as bare bones as is allowed, so nurses will find it harder and harder to get the job done accurately. Acuity chart tests, which are minimal exams at best, will be further marginalized due to lack of time.

This year it will be more important than ever for TLERC and Lions Clubs across Texas to step up and serve our children, as the “Knights of the Blind” we are. The great thing is that in the last few years a new device has appeared to bring the screening process into the 21st century. It’s called PediaVision.

Once you are trained in its use, PediaVision shoots a computerized picture of an eye so quickly that even a baby’s eyes can be checked accurately (almost impossible with old methods). The results are stored in the computer. Now accurate results can be obtained with even the youngest students and at day cares.

More importantly it also detects and records several additional anomalies of the eye, which go undetected using the old screening methods. Conditions, which if caught early enough may be correctable in the child. Doctors use PediaVision in their offices, but have to pay not only for the equipment, but also each time they pull the trigger. However, PediaVision will sell Lions the equipment and we do not have to pay the \$4-\$5 per image. It is a great tool and can be shared by clubs all across a zone or district.

Of course, once the exams are done there will be thousands of families that can’t afford the glasses and once again the Lions of Texas **will** step up to the plate. President Tam believes it. **“I Believe”** it.

Using TLERC’s lab we can help you put new glasses on those needy children for \$14/pair (\$18 for some prescriptions). TLERC’s Children’s Eyeglass Program made 1,000 pair last year. We can do a lot more, and you can serve a lot more through our own State project than using retail outlets. Call TLERC to help your club get going in this important work.

WE ARE GOING TO NEED A BUNCH OF GOOD LIONS FROM DISTRICT 2-S2 TO GO THE EXTRA MILE TO CHAIR THE MANY COMMITTEES WE WILL NEED TO PULL THIS OFF.

WE NEED CHAIRMEN FOR THE FOLLOWING:

THURSDAY NIGHT ACTIVITY (Casino Night)

This would be a great project for a whole club and a lot of fun too. If your club likes to have fun together this is the job for you. The Greenspoint Lions will be supplying the casino equipment. This committee will also have to obtain prizes for the “winners”.

TRANSPORTATION/WELCOMING COMMITTEE

Responsible for greeting incoming Lions either at Bush International, Hobby or arrival at the Hotel to ensure no one gets lost.

HOSPITALITY ROOM

To set up and stock a “gathering room” where our guests can have a coke, glass of water, coffee, etc. non - alcoholic

EXHIBITS/DISPLAYS

Coordinate exhibitors, charities and others who might was to set up displays during the Convention

MEETING ROOMS

Coordinate meeting rooms and ensure that they are set up properly and ready to go during the Convention.

SPOUSE TOURS

Set up and coordinate tours for non-Lion Spouses. This Committee is self-supporting. A lot of prep work has been done by Lion Karen Cagle. She will be the committee contact.

ENTERTAINMENT

Coordinate with DG Richard Surface (X-3) who is working on getting youth groups to entertain. Then fill in the blanks with other entertainment (we have 6 functions altogether to plan for.

DOOR PRIZES

Securing about 18 nice doorprizes to be given out at the Six functions. We are assuming the Thursday night committee will do their own securing.

HALL OF FAME COORDINATOR

Work with the State coordinator to set up the luncheon and presentation. Terry Landers will also serve with his Audio/Visual expertise.

OPPORTUNITIES FOR YOUTH COORDINATOR

Work with Lion Jake Bentley (T-2) on this luncheon. This committee has its own budget from the State.

ELECTIONS COORDINATOR

Work with IPCC Stump Weatherford (S-1) on whatever he may need for this Committee

The need to impact a positive change on the environment for the year 2011 - 2012

From an environmental perspective, what does this picture depict?

“Long term evidence provides irrefutable proof”.

The cartoonist argues that this is a trend based on global warming?!!.

While this answer may not be politically correct I think you would agree that global warming is a serious environmental problem in which pollution is one of the major contributory factors. Are you aware of the serious environmental issues that Texas faces with respect to environmental pollution?

Texas rank third among states in terms of gross state product and second in manufacturing hence one may argue that pollution should be somewhat proportionate to production. Yes that is true however the state's spending to control pollution is disproportionately small in comparison to the size of the industry. Let us look quickly on some statistics and see how it affects the state of Texas:

Texas ranks 46 among states for water quality, 31 on pesticides control, we lead the nation in the emissions of toxic air pollutant.

Based on the information given one would argue that the state of Texas is not playing its role in creating a conducive environment for life form. My question today is; are we **doing enough to positively and effectively impact the environment to make it a better place?** Could you just think about the plans that you have made to impact positively on the environment in the previous years which have never materialize. Are we going to allow history to repeat itself in such a negative way? At this moment I want us all to think what change we will make and what we will do to impact positively and more effectively on the environment for district 2-S2 year 2011 -2012. Lions there are so many simple inexpensive projects that can be establish. Just to name a few:

Plant a garden or a tree in the community, set up a recycling system in the community, create a habitat for wildlife, organize an environmental club in the community, sponsor an environmental slogan or speech competition in a school.

The theme for the district 2 –S2 echoes “**I believe**”. Do you realize the need to effectively impact the environment? Do you **believe we can and will** positively impact the environment for the district 2-S2 year 2011 – 2012? If the answer is yes give ourselves a hearty roar for work in progress.
