Thoughts from your District Governor

Noah Speer

What is it about a theme that strikes you-all (that includes me)? My theme this year as seen on my governor's pin is "Together we serve". What does it mean? PDG Eddie's theme was "WE can do it". IPDG Chris's them was "Destroy to build".

"We can do it" – we are Lions. The first question to be asked of a service project should be "Should we do it? Is this project one that we as Lions should undertake in order to better service our communities? If the answer is "Yes", then as Lions, "We can do it?" We can raise the money. We can find the resources. Do we know how? – maybe not, but we can learn. We are Lions – "We can do it".

"Destroy to build" – we can evaluate projects and their continued need – and should because societies change. Needs change. Are there abundant needs out there? You bet – but you may have to look for them. We may have to get outside our comfort zone. But we are Lions – "We can do it". Chris challenged us as Lions to step outside our comfort zone and not be afraid to try something new and to drop something that is no longer relevant to our club and our community.

"Together we serve" – we are not alone. We have 55 regular lions clubs, and 3 campus lions clubs in our district. As of the writing of this, we have 1,701 lions as members of the 58 clubs. We also have 18 Leo clubs in our district. Individually as single persons or a single club, we can serve. However our service is limited – though very important. Together as a district, we can accomplish so much. Are we up to the challenge? Sure, because we are lions, "We can do it". We can take on new service projects or new fund raising events. We are Lions.

What do themes do? I hope the trio above excite you as fellow Lions. Does your club have questions on how to find a service project, or grow or learn or get connected with other clubs? My first suggestion is to call myself, 1st VDG Mark Roth, or 2nd VDG Betty Ezell. Our job is to help clubs. Don't be alone.

Do you as a Lion want to help on a District level? We have leadership positions open for Lions that want to help and are willing to make the effort. Come join us and expand the circle experience within Lions that awaits you. Will it take time? Yes. Will it cost you money? Yes. How much? I can't tell you because each position is different? But we are Lions, we can work together to find a solution. Join Mark, Betty and myself.

First Vice Governors Visit LeaderDogs

Every year, LeaderDogs for the Blind invites First Vice District Governors from around the country to travel to Rochester, Michigan and learn how Lions empower the visually impaired to lead independent lives. In early August, the Lions of Texas sent ten of their sixteen Vice District Governors to LeaderDog School. I'm proud to say that I was able to attend. After a great tour of the new facilities, we had the opportunity to experience a little of the challenge it is to be visually-impaired. I'd heard that the staff blind-fold their visitors and have a leader dog help them walk around a little course on the grounds. When my turn with the leader dog came, I was very apprehensive. I was worried that I'd step on the dog, trip and end up landing on my poor four-legged friend and kill us both! Daisy was a trouper and we both survived. When I got two-thirds around the course, I settled in and began to trust that my dog knew what she was doing. It was impressive seeing the other visitors experience similar challenges.

LeaderDogs for the Blind has operated since 1939. The breeding program produces hundreds of potential guide dogs that receive extensive training in trainers' homes around the country. When the dogs are ready to be placed, the clients travel to the facility for a 26-day residential training program that matches the specific needs of the clients with the skills and expertise of the dogs. Last year, LeaderDogs placed almost 170 dogs. I was surprised to learn that about a quarter of those dogs came to clients in Texas.

“From Four to Full Bore” What “re-MEMBER Texas” is all about

By CC Tom Blase

What a fantastic story in the July/August Lion magazine (“From Four to Full Bore”, pg.44). “Down to just 4 members, a club in a small North Dakota Town rebounds thanks to Facebook and an old-fashioned, father – and – son chat.” This is not just a story of a recruiting drive, taking a Lions Club from near extinction (like many of our own Clubs) to 30 members with an average age of 33 in less than a year. No, this is the story of a club that figured out what it took to attract new members into their old, dying club and reinvented themselves into a vibrant club that is relevant to its community again - rebuilt itself into a club that will retain these new members because the club has a purpose which is meaningful to a younger generation.

So what is “re-MEMBER Texas” and how does it fit into this success story? re-MEMBER Texas is a membership plan put together by your Council of Governors for 2015-16 to help the Clubs of Texas rebuild. re-MEMBER Texas is a battle cry for all Texas clubs, just as remember the Alamo was our Texas battle cry 180 years ago. It is built around three main tenets: Recruit, Retain, & Rebuild. re-MEMBER Texas is a tool box full of ideas to help Club leaders make a plan, involve your members, examine your purpose for existing in your community, and rebuilding your club into something that attracts members.

For years, since Texas membership started sliding from 45,000 members to its 26,000 today, each new group of District Governors, Club Presidents, and other leaders come in and exhort you to get more members and keep the ones you have. How for the most part has been left up to you. This year’s Council has the same cry, but wanted to give Club leaders a TOOL BOX (the re-MEMBER Texas Kit) to work with.

Are you a Club president or Membership Chairperson and don’t know what I’m talking about? Each District Governor may approach the delivery of this material in a different way, but if you don’t have yours yet, there is no need to wait. Get on the NEW rebuilt Texas website (www.texaslions.org) and click on the re-MEMBER Texas button. Open up the re-MEMBER Texas News, a newspaper that will tell you all about re-MEMBER Texas. All items in the kit are explained on page 8, including how you can order them for yourself from LCI. Then call your District Governor and ask him/her when you can get going on the re-MEMBER Texas coin/wooden nickel program. If you need help, set up a date with the DG Team to sit down and help you build a plan.

As with the small club in the story, getting new members will NOT solve your problem by itself. It is the 3 pronged attack of re-MEMBER Texas: recruit the right people and rebuild/reinvent your club with retention of these new members in mind. If you will attack the problem with energy & enthusiasm like they did, making use of the tools in the re-MEMBER Texas Kit and the help of your District Leadership, “Four to Full Bore” will be the success story for hundreds of Texas Lions Clubs this year. Will you be one?
