

LIONS DISTRICT 2-S2

Chambers - Harris - Liberty - Montgomery
San Jacinto - Walker - Waller

Thoughts from your District Governor

“THE LIONS DISTRICT THAT COULD”

Once upon a time in a Lions Multiple District NOT far, far away, but actually very close to home there was a single district named “TooEssToo”. While this district was not very big in size and numbers, it WAS full of Lions with the MOST HEART in all of the land. TooEsstoo wanted to grow and grow and be the BIGGEST and the BESTEST of all the Lions Districts in all the Lion Kingdom. But that goal was a very, very big goal and the Lions who lived in TooEssToo’s borders were not sure that they would be able to chug up that mighty big mountain of a goal. All the rest of the districts in the land looked at TooEssToo and chuckled and laughed at the little district who wanted to be the biggest and the best.

“You have too many people in your small land,” the other districts said. “Your people are too busy and too active and spend too much time commuting and working to join your little Lions Locomotive Express,” they said. The other districts even tried to convince TooEssToo that maybe he should just keep slowing down and just eventually rust away. “NO!” said TooEssToo, “Never!” “Our people might be busy and spend a lot of time playing and eating out, but we know that our land is full of Lions who do not even know they are Lions yet.” “You may be big, clunky districts and have lots of Lions now, but you just watch. You watch us grow!”

And all of the Lions in that lived in TooEssToo began to listen to “The Conductor”. They began TO BELIEVE that by getting out and doing COMMUNITY SERVICE projects and working together as a family and having fun together that they would grow stronger and larger than ever before. “We think we can, we think we can, we think we can,” chugged TooEssToo and his Lions as they began to work to become the best and biggest ever. And TooEssToo began to slowly grow and the Lions Families in TooEssToo’s borders were excited. But the goal was HUGE! And TooEssToo began to slip back down the slope on the side of the goal. “How can we ever achieve the numbers that you say we can?” the Lions in TooEssToo asked the Conductor. “It’s too much work,” they grumbled.

The Conductor said, “It’s not work unless you make it work. MAKE IT FUN! We are doing this as volunteers, we should at least have fun doing it. You have to believe in yourself and believe in our motto, We Serve. Keep trying, keep having club retreats and club get togethers and cook out when you are doing a service project. Work together as a Family and you will grow as a Family,” the conductor said again. And TooEssToo began to chug up the side of the goal once more. “We think we can, we think we can, we think we can,” TooEssToo shouted as he worked through the fires in the forests and chugged ever upward through even more challenges. “We think we can, we think we can, we think we can,” faster and faster TooEssToo moved toward the peak of the goal. But again, the sides of the really, really big goal were steep and the goal was huge and TooEssToo was slowing down again. (continued on page 2)

PAW PRINTS of 2-S2

“NO!” shouted Conductor Assistant #2, “NO!” “Stop saying ‘We think we can’,” he said. “Together WE CAN DO IT!” he screamed at the Lions in TooEssToo. “Remember Helen Keller’s advice, ‘Alone we can do so little but together we can do so much?’” he asked. “Listen to yourselves chugging on thinking you can!” he said. “Listen to the conductor...you have TO BELIEVE! You have to KNOW YOU CAN! WE CAN DO IT!!” Assistant Conductor #2 shouted again. And TooEssToo listened. And the Lions Family Express began to climb the sides of goal once again. “Just Keeping Our Family On Track” TooEssToo said. All the Lions in all the other districts could hear TooEssToo chugging away. “We think we can, we think we can, we KNOW we can, we think we can, we KNOW we can, we KNOW we can, WE KNOW WE CAN, WE KNOW WE CAN” faster and faster up the side of the goal TooEssToo climbed. “We can do it, we can do it, we can do it, we can do it, we can do it,” was the sound coming from the wheels of TooEssToo as he moved toward the peak of the goal.

And then one day, not very long from now, TooEssToo did achieve his goal. He stood on the top of the mountain and shouted to all the districts in the land, “WE CAN DO IT! TOGETHER WE DID IT!” All the other districts looked up at TooEssToo and said “Yes, we can see that. Show us how you grew your Family so big and so strong. Tell us what we can do to join you on the top of that goal.” And TooEssToo said, “You have

TO BELIEVE! You have to work together as a family. If you get out and do COMMUNITY SERVICE projects and have fun as a family then your clubs and your district and your families will grow.”

And TooEssToo is still growing even many years later. And the Lions in all the other districts in all the other lands followed TooEssToo’s example and before you knew it, governments were able to get out of the Human Services “business” and were able to focus on the things governments should do like infrastructure and safety because the Lions Districts like TooEssToo were taking care of the Humanitarian needs all around the world. And the world was a better place.

All because TooEssToo BELIEVED

THE END

Rick Reynolds, District Governor 2011-2012

Thought’s from the Second Vice District Governor:

WE CAN DO IT

2-S2’S NEW ROAR:

“WE CAN DO IT”

As I sit here watching 9/11 ten years later – we reflect on how much we lost – so many – but America is Strong – Brave; The Firemen, The Police & all The Volunteers. We come back stronger because of spirit and determination. “WE AMERICANS CAN DO IT!”

This also is LIONISM. We must have the spirit and dedication. Remember what Helen Keller called us in 1925. You lions who are strong – You lions who are brave – You lions who can see -- Become “Knights of the Blind” and end darkness. We are like the towers, we can rebuild, we can flourish into the great organization that our founder, Melvin Jones, started. We can have 80 clubs in 2-S2 in three years. We can increase membership. We can plant trees. We can do whatever we set our minds to do – No Negative!! Only:

WE CAN DO IT!!!!!!!!!!!!

Second Vice District Governor Eddie Risha

Thought's from the First Vice District Governor:

Hello all,

Here is a REALLY short blurb for the Paw Print. In my travels around the district, I have found that not many people understand just what one trillion is. I have found that if you can convert to a scale that we all understand, it becomes more understandable. As you know, each day contains twenty four hours or one thousand four hundred and forty minutes or eighty six thousand four hundred seconds. If we started today and went back in time one trillion seconds,.... what year do think it would be?

Most people don't know why a fuse can't protect an electronic circuit. This is a little easier to understand if we convert response time to values we are more familiar with. Now, a fuse will blow in about a millisecond, while a transistor will react in a nanosecond. These are units of time we normally don't use just as the trillion is a unit we are not used to. So. If we slow down the transistor so it will blow in one second,... How long will it be before the fuse blows?

I have also found many people can't understand why the credit rating of the country has been lowered. Well, if we take a look at the condition of the country in values we are more familiar with it become more clear. Ok, let's itemize:

U.S. Tax revenue: \$2,170,000,000,000
Fed budget: \$3,820,000,000,000
New debt: \$ 1,650,000,000,000
National debt: \$14,271,000,000,000
Recent budget cut: \$ 38,500,000,000

Let's remove 8 zeros and pretend it's a household budget:

Annual family income: \$21,700.
Money the family spent: \$38,200.
New debt on the credit card: \$16,500.
Outstanding balance on the credit card: \$142,710
Total budget cuts: \$385.

That does make it a little more understandable doesn't it???

OK, now back to the first paragraph.... the year would be 29,699 B.C.

And the second paragraph.... first the transistor blows and 11.7 days later the fuse blows.

I'm not suggesting anyone might be mathematically challenged, it is simply easier to understand when we use units that we are familiar with.

One last problem to investigate.... Last year over 1500 Lions left the fold here in Texas....**THAT IS EQUIVALENT TO SHUTTING DOWN EVERY LIONS CLUB IN OUR DISTRICT EXCEPT THE CONROE CLUB.** What will YOU do about it? Have you ASKED someone to become a LION this month???

First Vice District Governor Paul Eads

NEEDED AUCTION ITEMS ----- HELP

OCTOBER 5, 2011-----DOES THIS RING A BELL? It is the Bob Dowden Dinner. We will have a silent auction as well as a regular auction. OK, now we need many auction items. COULD YOU, WOULD YOU help VDG Paul and Winnie Mae? Please get your items together and call us and we will pick up the items or bring them to the Dinner. Look around your house and find some Items you would like to send to someone's home. One man's treasure is another man's unwanted. Please call us and let us know what you have to send. 713 861 8733

Let's make this the biggest and best ever--it takes everyone's help.

Instead of our normal PSC Meeting
We will be holding our Annual

BOB DOWDEN DINNER

Local Lions planting trees, With Houston Mayor Anise Parker. Eco Bash and Tree's for Houston, perfect timing for the Lions President "I Planted a Tree"

I will be walking for those living with MS, join us for a 1 mile or 5K walk benefiting the National MS Society. After the walk, we'll enjoy live music, lunch, MS Expo, and a fun kid's zone. We hope you will join us!

Date: Sunday, November 13, 2011

Location: University of Houston - Main Campus ****NEW LOCATION**

Address: 4800 Calhoun Road, Houston TX

Site Opens: 8:00 a.m.

Walk Begins: 9:00 a.m

Both Christine and the Huffman Leo's have teams walking this year, Donate at:

<http://main.nationalmssociety.org/goto/ChristineJordan2011>

As you know 3 years ago I was diagnosed with non-hodgkins lymphoma and two months I was told by my doctor that I am in remission, but not cured. So that is why I'm raising money for a very important cause, through The Leukemia & Lymphoma Society's Light The Night Walk: finding better treatments and cures for blood cancers so patients can live better, longer lives.

I'm asking you to help by making a tax-deductible contribution! Please use the link in this email to donate online quickly & securely. You will receive an email confirmation of your donation as soon as it is made. I thank you in advance for your support which will make a difference in the lives of thousands of patients battling blood cancers.

I really appreciate your generosity!!

A tree for a victim

The feeling of anger, vengeance, fears and prejudice gradually subsides. The feeling of reflection, hope and patriotism supersedes; and I know you feel the same. I am now convinced that we have regained the confidence and rebuild the courage to come together, bonded in grief but united in the purpose to plant a tree for all those who have lost their lives in September 11.

This special garden represent a place where memories grow nurtured by kindness and the good thought and concern that is shown. Each branch grown symbolizes people reaching out, acknowledging and addressing the concerns of each family and friend who have passed away during September 11, the root symbolizes a bond, stability, congeniality and the cohesiveness, of us who are left behind to stand firm, flourish and make our America a better place.

Thank you all for such an awesome job.

Stedman H. Douglas.

A Tree can

- Manufacture 5 pounds of pure oxygen per day.
- Consume CO2 to fight the "Greenhouse Effect" that threatens our survival.
- Provide the cooling equivalent of 10 room-sized air conditioning units.
- Reduce fossil fuels used for heating & cooling.
- Collect pollutants from the air.
- Reduce noise pollution.
- Produce homes for birds and small animals.
- Enrich surrounding soil.
- Prevent soil erosion.

Trees For Houston is a non-profit organization dedicated to planting, protecting and promoting trees.

In our 28 years, we have planted over 420,000 trees to benefit the Houston community. We recognize that trees clean the air, mitigate run off, cool the surroundings, and beautify our neighborhoods. You can help. You can plant, donate, learn, work, and make friends. Houston needs trees. We need you.

Each tribute recipient receives an acknowledgement card as a symbol of your gift. Please [click here](#) to purchase tributes online or [click here](#) to download the tribute form to mail in to our office.

1990: Lions Clubs International's Own 9/11!

"Remembering Sept. 11" is the title article of this month's "Lion" magazine. It is the 10th anniversary of 9/11 and people all across America are prayerfully remembering all of those, who died in the attack, as well as all the heroes, who tried to save them. It was a momentous disaster for Americans and "the" defining moment for the USA since that time. In addition, as the article points out, "Sept.11 was a defining moment for Lions", as "Lions and LIF aided (the) victims on a massive scale". Not only did we expend millions of dollars from LIF and thousands of man hours from Lions in our Clubs, but many individual Lions (also pointed out in the feature article) were heroes at "ground zero".

However, we have committed millions of dollars and contributed countless hours of manpower in dozens of major disasters around the world since the Lions International Foundation (LIF) was started, and it doesn't matter if the "perpetrator" is a terrorist, a hurricane, a fire, a tornado, or a tsunami, we do it because **that's what Lions do – We Serve!**

Yet it could be argued, that the launching of Sight First in 1990 was the Lions' own 9/11; a momentous and defining moment that has launched a massive campaign using millions of dollars and volunteer hours to eliminate preventable blindness around the world. Granted the events weren't as singularly large or vicious, they didn't come in a sudden rush, and the terrorists weren't Taliban or Al-Qaida. Rather they were (and are) cataracts, trachoma, river blindness, refractive disorders, glaucoma, and diabetic retinopathy. So even though we had no sudden event to react to, we finally realized by the International Convention in St. Louis in 1990, that the disaster of preventable blindness, affecting tens of millions around the world, had to be dealt with in a momentous way.

The Texas Lions Eyeglass Recycling Center (TLERC), a Foundation operated by the Lions of Texas, is a part of Sight First; and those who are involved in this work understand that Lions under Sight First will still be fighting this disaster for decades, long after the wounds of 9/11 have faded or the marks of the tsunami are covered up. More volunteer hours and dollars will be expended on this than on any other disaster LIF has tackled, and **still** we will have sight to save.

Most of those Lions dedicated to eliminating preventable blindness will never be seen as heroes like Lion Ed Plaugher, the Arlington Virginia Fire Chief on 9/11, or Michael Hingson, the Blind hero in Tower One (see both stories and more in the Lion), but nonetheless HEROES they will be.

So where does your Club stand in this fight? Which Lions in your Club will join the ranks of these heroes in the biggest fight our organization has ever taken on? Has your Club, or Zone, or District started an adult clinic to help those in need get recycled glasses? Are you using TLERC's lab to put new glasses on dozens more school children? (If you aren't getting your school children's glasses for \$14-\$18/pair, you are losing money.) Are you gathering used glasses for our missions to countries abroad; or better yet, helping us sort, read & bag them? Has your club set up missions to go abroad and put glasses on those in need? **Help and training for all of these projects and more are available at TLERC. Contact your District TLERC Director for a program or call TLERC at 432-683-3611.**

Finally is your club a Focus Club (150%-\$3/member). Have you purchased fellowships for those special Lions you want to honor (\$1000, \$500, \$250)? Have you made a personal commitment by signing up as a "Visionary Knight of the Blind" (min. \$100/yr or \$10/mo.)? (The form can be found on the state web site.) Whether it is by monetary assistance, volunteer hours, or both all Lions can be heroes in this fight. **Make 2011/12 your 9/11!**

FOR THE MD-2 STATE CONVENTION TO BE HELD BEGINNING MAY 17, 2012

WE ARE GOING TO NEED A BUNCH OF GOOD LIONS FROM DISTRICT 2-S2 TO GO THE EXTRA MILE TO CHAIR THE MANY COMMITTEES WE WILL NEED TO PULL THIS OFF.

WE NEED CHAIRMEN FOR THE FOLLOWING:

THURSDAY NIGHT ACTIVITY (Casino Night)

This would be a great project for a whole club and a lot of fun too. If your club likes to have fun together this is the job for you. The Greenspoint Lions will be supplying the casino equipment. This committee will also have to obtain prizes for the “winners”.

TRANSPORTATION/WELCOMING COMMITTEE

Responsible for greeting incoming Lions either at Bush International, Hobby or arrival at the Hotel to ensure no one gets lost.

HOSPITALITY ROOM

To set up and stock a “gathering room” where our guests can have a coke, glass of water, coffee, etc. non - alcoholic

EXHIBITS/DISPLAYS

Coordinate exhibitors, charities and others who might was to set up displays during the Convention

MEETING ROOMS

Coordinate meeting rooms and ensure that they are set up properly and ready to go during the Convention.

SPOUSE TOURS

Set up and coordinate tours for non-Lion Spouses. This Committee is self-supporting. A lot of prep work has been done by Lion Karen Cagle. She will be the committee contact.

ENTERTAINMENT

Coordinate with DG Richard Surface (X-3) who is working on getting youth groups to entertain. Then fill in the blanks with other entertainment (we have 6 functions altogether to plan for.

DOOR PRIZES

Securing about 18 nice doorprizes to be given out at the Six functions. We are assuming the Thursday night committee will do their own securing.

HALL OF FAME COORDINATOR

Work with the State coordinator to set up the luncheon and presentation. Terry Landers will also serve with his Audio/Visual expertise.

OPPORTUNITIES FOR YOUTH COORDINATOR

Work with Lion Jake Bentley (T-2) on this luncheon. This committee has its own budget from the State.

ELECTIONS COORDINATOR

Work with IPCC Stump Weatherford (S-1) on whatever he may need for this Committee

Please contact: PDG MARGARET BADEAUX
