Thoughts from your District Governor

Chris Moorman

Thankfully, fall weather is finally getting here and the extended forecast I'm looking at doesn't show any 90 degree days in it. Of course, we all know how prone our S.E. Texas weather forecast are to getting it completely wrong. It won't be long and we'll be celebrating Thanksgiving and Christmas and this Lion's year will be halfway done. Hopefully the year so far has been a good one for you and your club and hopefully the rest of the year will be even better.

If you are looking for projects to do in the upcoming months, you can keep the Lions Centennial Service Challenge in mind. In late summer we had a challenge to "Engage Our Youth". Now we are in the midst of "Sharing the Vision." This can be done by helping to raise awareness of the importance of healthy vision and the causes of vision loss. It can also be done by organizing projects that mobilize your club to help those with blindness of vision impairment. In December/January we've been asked to help in "Relieving the Hunger" by helping those who don't have enough to eat. Then in April we are asked to help in "Protecting our Environment" by raising awareness about current and emerging environmental issues and planning activities in connection with Earth Day (April 22). As always, more information can be found at the Lions Club website.

Whatever kind of projects you and your club work on for the remainder of the year, good luck with them and thank you. The work you are doing will see us through to the 100 year Lions anniversary in 2017. If you'd like some help at any of your projects, please let the District know. Bring it up at our one of our Presidents and Secretaries Council meetings on the first Wednesday of each month, have it printed in one of our monthly newsletters or call the presidents from neighboring clubs. However you do it, more than likely you'll find other Lions in your area that are willing to help if you ask. Thanks again for the work you have done, the work you are doing and the work you will do. This is going to be a great year.

2014

“We Serve” – two words. Yet these two words are recognized around the world. I was asked why I joined Lions Club International recently. If you were asked that question, what would be your answer? I want to help children. I want to help people. I want to help....

Yet our motto is “We Serve”, not “I Serve”. How do we go from “I” to “We”. IP Preston talks about strengthening the Pride. A Pride is a group that works together. A Lions Club is a group. Does it work together? To accomplish our motto a club has to work together. Together, “We” can serve mean a Lions club alone or in partnership with another Lions Club or a group such as Rotary, Kiwanis, First Baptist, etc. “We Serve” – people united together to accomplish a task. Leadership techniques help us Lions, whether in a club or a district or a multiple district accomplish our motto – “We Serve”. Back to the question asked of me. I joined Lions because I wanted to use my leadership skills and learn additional leadership skills in order to help others. You might picture a circle with membership in the center. At the top of the circle a box with “leadership skills” and a box at the bottom of the circle is another box with “Projects”. The circle surrounds members. But outside the box are others. You can call them partners or prospective new members or community helpers. But an arrow from them to the “Members” inside the circle always give you an avenue to add “members” while “Leadership” directs “Members and others...” to serve our communities through “projects”. To quote DG Chris – “Thank you for being Lions. Because of you, kids receive glasses, handicapped children go to camp, elderly get ramps built, trees get planted and a myriad of projects are completed that add value to our communities”. So “We Serve” – accomplished by leaders strengthening the Pride is a complete circle that encompasses us all. As PDG Eddie Risha says – “We can do it”. Have a great day!!

Follow up on Your Centennial Service Challenge Project

At the International Convention in Toronto, Lions International President Joe Preston challenged the Lions to perform 100 million acts of humanitarian service by December 2017 – the 100th Anniversary of Lions Clubs International. Lion President Joe designated his challenge as the “Centennial Service Challenge”.

Clubs in our District have already reported numerous service projects “engaging our youth” and “sharing the vision” completing the first two quarterly service targets suggested by our International President. Clubs have distributed dictionaries to neighborhood schools. Lions have coordinated work with Leos and provided service in their respective communities. Some Clubs have met the challenge of sharing the vision through the provision of health and vision screenings. A number of Clubs have reported that they provided several pairs of eyeglasses to local elementary school children. Some Clubs are still planning their October “World Sight Day” activities to include a special service project supporting the Centennial Service Challenge.

Lions Clubs International has invited Lions and their Clubs around the world to help relieve hunger during the months of December and January. Clubs are encouraged to organize service projects that mobilize Lions and make a difference right in their own community. Materials are available through the LCI website to assist clubs with identifying a project best suited for their members. Depending on the talents and abilities of the membership, a Club could sponsor a community food drive, deliver prepared meals to the elderly, deliver food baskets to families in need or serve meals at a local shelter. For more information on setting up a project to relieve hunger, please check out this link:

<http://www.lionsclubs.org/EN/common/pdfs/iad461.pdf>

Lions Clubs participating in the Centennial Service Challenge Project can earn a special Centennial Banner Patch with a special gemstone design each year the Club supports the Global Service Action campaigns to impact Youth, Vision, Hunger and the Environment. If your Club would like help identifying a service opportunity that best serves your members talents, please contact one of the District officers.
