**Vice District Governor
Melba Buado**

From the District Governor,

I just returned from the Council of Governors meetings in Abilene Texas. I enjoyed the trip and the meetings very much. Our District is in good shape so far as the records show an increase in membership, but we are behind in new clubs. I would like to say thanks to all the clubs that have brought in new members this year and thanks to the Lions that brought them in. I would like to say to all the presidents of the clubs, if you get a call from Ray Reyes, he will be working in our district. He is working on getting new clubs. Right now he is working in Kingwood area, if anyone knows of someone in the Kingwood area that would like to be a member, please call Me or Vice District Governor Melba Buado, or if you would like to talk with Ray his number is 1-866-284-2045. We are trying to do a noon club in the Heights, if you know of anyone, please call PDG Tony Wenzel or PDG Eddie Munger, they are working on a noon club. Membership and New clubs are very important. It would be real nice if each member would bring in a new member this year and be sure he or she is younger then you are, to keep Lionism young. Advertise your Club and what you do. As I drove to Abilene last week I took Hwy 36 and of all the little towns I went through I only saw two Lions Club signs. We must advertise and let people know what we do. I appreciate your support.

J. E. McCune

From the Vice District Governor,

I would like to greet everyone a happy and an enjoyable Thanksgiving! I would like to do something different this time. Instead of writing a personal message, I would like to share with you and put emphasis on the building blocks Of Lions Club International by our International President Kay Fukushima. This is an excerpt from his publication,

L - Leadership - This is the key to all we seek to accomplish as Lions. Strong and effective leadership will provide the expertise and inspiration to make it possible for club members to reach still higher levels of community and humanitarian service. By recognizing oneself as a leader, a Lion is motivated to invite more men and women to join the club. Leadership is, in fact the building block that directly affects the relationship of Lions to all the other blocks.

I - Information Sharing - Lions Clubs International is a team and, consequently, each club should recognize the need to share news of its accomplishments and goals and to learn what is occurring throughout the association. Read The Lions Magazine, your district and multiple district publications and other materials to keep abreast of all that is happening. Employ the newest technology such as the websites and e-mail to share the latest information about Lionism.

O - Orientation - All Lions, especially new members, must understand fully the direction the programs and goals of the association are taking them. Orientation is knowledge and it provides new Lions with a perspective regarding our activities, history and traditions along with instilling in them an understanding of their responsibilities as members. Effective orientations generate commitment and respect for the association and will inspire and motivate new members to become the best Lions they can be.

N - Network - Lions have the opportunity to join and inter-act with fellow club members who represent a wide range of professional and business groups. Belonging to a Lions Club also enables one to meet leaders from throughout the community's public and private sectors and develop bonds of cooperation and mutual interest.

S - Skills - As a Lions club member, one acquires skills in leadership by occupying various offices, skills that can be applied to the Lion's professional or business occupation. A Lion hones his or her abilities to perform duties at the club and district levels through participation in the associations many seminars and institutes. By committing oneself to taking advantage of the opportunities available, a Lion will, in fact develop a truly quality set of skills for life.

Our International President wants us to share these Building Blocks to all our fellow Lions and because I strongly believe in the message that it builds stronger clubs and develop individual Lions greater self-confidence and fulfillment as a community leader.

The Pledge of Allegiance

*I pledge allegiance to the flag of the United States of America,
and to the Republic for which it stands. One nation under God,
indivisible, with liberty and justice for all.*

LIONS Code of Ethics

- TO SHOW** *My faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.*
- TO SEEK** *Success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.*
- TO REMEMBER** *That in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.*
- WHENEVER** *A doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.*
- TO HOLD** *Friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.*
- ALWAYS** *To bear in mind my obligations as a citizen to my nation, my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labor, and means.*
- TO AID** *Others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.*
- TO BE CAREFUL** *With my criticism and liberal with my praise; to build up and not destroy.*

TOTAL 38 NEW LIONS

The Texas Lions Camp needs Century Club members.....

- Did you know that the funds generated by the Texas Lions Camp Century Club are used for the operating fund?
- Did you know that the Camp's operating budget is \$1.8 million?
- Did you know that if 100% of the 32,500+ Lions in the State of Texas contributed to the Century Club by giving \$10 a month, \$3.9 million would be generated each year?

The difference between \$3.9 million and \$1.8 million would be \$2.1 million. If this surplus was then transferred to the Endowment Fund, it would not be long before we could ensure that our Camp would exist well into the lives of our children, their children and their children's children. What a wonderful legacy we could all leave our families.

District 2-S2 has a total of 117 Lions, friends and family who belong to the Century Club. Since we have 2000+ members, we have a way to go to get our 100%.

Monthly Message:

I am proposing 10 areas in which clubs and districts can become involved in Building a better tomorrow:

* Environment Lions can address environmental concerns by planting one tree for each club in a district and perhaps naming the area "Lions Park." Or by adopting a section of highway, park, river, stream or other local site.

* Literacy Work with local businesses, libraries and schools to collect books, puzzles, educational toys, videotapes and audiotapes for children from low income families or at social service agencies, and recent immigrants or refugees. Each item can include a note identifying it as a gift from your club.

* Partnerships for Children at Risk Currently there are millions of children at risk. Lions, by partnering with various social agencies, can furnish food, clothing, medical assistance and incentives to return to school or enroll in vocational programs.

* Children's Eye Screening This is ideal as a club's World Sight Day project. Work with your local school system and eye care specialists to provide free vision screenings and eyeglasses for local youngsters. This is especially significant for recent immigrants or refugee families.

* Healthy Youth In many nations, adolescent obesity is on the rise. Sponsor events that promote physical fitness and healthy lifestyles that will carry into adulthood.

* Helping Hands for Youth Sponsoring youth groups, such as Scouts and, of course, Leo clubs, will help tomorrow's leaders understand the need for responsible action. Lions can also involve youth in club activities and fundraisers as a way of impressing on them the need for community service.

* Vocational Guidance Lions can provide first-hand knowledge of a work place environment by inviting students to be their guests at work. Not only will young people understand the discipline and procedures of a particular profession, these experiences may also influence possible career choices.

* Adopt-a-Buddy Mentoring Program This could well be a natural follow-up to the vocational guidance initiative suggested above. A Lion could meet with the student at least once a month for a year.

* Outreach Initiatives Collect and recycle used clothing or partner with manufacturers that provide surplus clothing for non-profit organizations. Donate vitamins, powdered milk and other food to needy families. Also contact local businesses to serve as drop-off points for used eyeglasses.

* Bikes-for-Life Personally, I believe this is a unique program with far-reaching benefits. Ask local bicycle shops to serve as donation centers for used bicycles and tricycles, including those for the disabled. Working together, the Lions can repair and reconstruct the bikes. These recycled bikes may be given to needy children or adults.

Peace Poster Contest

FIRST PLACE

Beverly Patuwo
Houston Spring Branch Lions Club

SECOND PLACE

Elizabeth Tan
Houston Couples Lions Club

THIRD PLACE

Luis Titado
Houston Couples Lions Club

Lions Clubs International sponsors the contest to emphasize the importance of world peace to young people everywhere. The poster was selected for its originality, artistic merit and portrayal of the contest theme, "Dream of Peace". Judging was held Wednesday, November 6 at the District Presidents and Secretaries Council meeting. Beverly's poster now advances to the next level of judging and will face stiff competition through two more rounds of competition if she is to be declared the International Grand Prize Winner. Ultimately one Grand Prize Winner will be selected from 24 international finalists. The remaining 23 finalists will each receive certificates and a cash award of US \$500. The Grand Prize includes a cash award of US \$2500 plus a trip for the winner and two family members to New York City for the awards ceremony at Lions Day with the United Nations...

Lions Quilt/Pillows Raffle

The District has a Fun Fundraiser Raffle for your clubs. We have the tickets already, call Lion Judy Champion, and be nice, she will get them to you. She will also have them at all district functions. Tickets are \$1 each or \$5 for 6, at a chance to win this Lions Quilt and Pillows made by District Governors James “BUD” McCunes, Daughter-in-Law. The Great part of this is, the money from the Tickets you sell is to be sent to the TLC Endowment fund by your club. That means you sell the tickets, you keep the money and send it to the TLC Endowment fund, as Bricks or leafs for the Endowment Tree, simply donate the ticket sales to the camp. Then report to the District Governor so we can know how well you did. Then at the District Convention “Way Too Early Breakfast” we will have the drawing

One World - One Heart
How much more we can do when we work together

Supplying the Texas Lions Camp with a sorely needed new trailer could have been a financially daunting task. However, Lions in District 2-S2 knew the easy solution- Lions helping Lions.

Six clubs in our district did a little team work led by District Governor Bud. By pooling their resources and funds, the Crosby East Lake, Houston Aldine, Houston Couples, Houston Spring Branch and Huffman Lions have made the furnishing of this trailer possible without any club having to spend more than they could afford and without disrupting their financial ability to help in the local communities. Thanks to these Lions, the new trailer is ready for our campers' use next summer. When we work together, we can accomplish wonders.

Speech 4 9/11/01 Tribute
By: Amanda Foot
Hardin Middle School Leo Club President

The LEO Club of Hardin, in an effort to remember those who lost their lives or loved ones on September 11th 2001 have created a fundraiser to support our own local fire dept. in compliance with that of the families of September 11th. With the help of our community we hope to encourage many of our students and faculty to help us reach our goal of 2,001 dollars as to represent a tragic year in our nation's history. The project will take place in the offices of both of our campuses Middle School as well as High school. So if you can see it in your hearts to give what little you can, you are deeply encouraged to give as well. We need your help in order to be able to give help to poor victims of this tragedy, and to show our support for our own fire department. With this if anything like this ever happens close to home, we can have the sources to be prepared, we don't have to be victims again. Please send any contributions to:

LAKE POLLUTION

Vice Governor Melba, that week at Lake Tahoe sounds like fun, but before you go jump into any lake you should know this:

The Bush administration's chief enforcer of the three-decade-old Clean Water Act concedes its goal of making all rivers and lakes safe for swimming and fishing has fallen in priority to combating terrorism and righting the economy.

The industrialized nations have registered some success in controlling pollution from "point sources" - that is from measurable discharge points. But they are still plagued with diffuse pollution - such as run-off from agricultural lands packed with pesticides and fertilizers and stormwater flowing from cities and towns which can contain sewage, heavy metals, oils, hydrocarbons, garbage, chemicals from road de-icing, organic wastes from animals, and dust, among other things. These sources are difficult to control and are causing increased pollution of rivers and lakes throughout.

Lakes, in particular, are becoming over-dosed with nutrients such as fertilizers and animal wastes. Since the 1950s, concentrations of phosphates and nitrates in freshwater rivers and lakes have increased significantly. Nutrient from fertilizers and animal wastes were found to be the main contaminants in nearly 60 per cent of the polluted lakes surveyed in the U.S.

Nitrates in drinking water may cause blood poisoning in infants, hypertension in children, gastric cancers in adults and fetal malformations. The combination of high nitrates with pesticides, a common phenomenon, may form nitrosamines, which are both carcinogenic (cancer forming) and mutagenic (causing birth defects).

Urban run-off is a major threat to freshwater in some areas. The polluted run-off from city streets in Florida is thought to account for more than half of the state's water pollution and nearly 85 per cent of all heavy metals found in its rivers and swamps.

Integrated management is needed

The only way most countries, developed and developing alike, can hope to cope with mounting pollution of their freshwater resources is to evolve and implement integrated management strategies, which not only help clean up water courses, but prevent pollution in the first place.

Unfortunately, real integration of water management, pollution control and land management has not proved possible in most countries. Despite the problems, it is clear that in order to safeguard remaining water resources, integrated management of land and water will have to become the norm, not the exception.
